Secure Kid® Harness Booster Car Seat, 2 pack, Factory Select

Extended use from birth to harnessed booster mode.

The Evenflo® SecureKid Harness Booster features an innovative headrest design that allows the vehicle belt to self-adjust to your child's height while in booster mode. Enhanced side walls and head support provide comfort and safety for the child. The seat accommodates children ranging from 22-110 lbs. This combination booster provides an exceptional value for a seat.

Protecting children is our core mission at Evenflo.

For almost a century we have been a leader in safety, innovation and education. Knowing that one in four automobile accidents are side impact collisions, we go beyond the current government standards when designing the next generation of Evenflo car seats, including the SecureKid.

Fashion will vary

Consumer Benefits

65 lbs. Internal Harness Weight Rating

Extended Use - Converts from 5-point harness to vehicle seat belt use as child grows (2 seats in 1)

5 Position Adjustable Head Rest – Allows this seat to grow with your child

Simple adjustability with upfront harness fitting and 2 crotch buckle positions

Machine-washable car seat pad keeps the seat looking clean

Side Impact Tested! Meets or exceeds all applicable Federal Safety Standards AND Evenflo's Side Impact Test Standard

Designed and tested for structural integrity at energy levels approximately 2X the federal crash test standard

Energy absorbing foam liner provides added safety & comfort

Equipped for LATCH and tether systems

Safety Testing

Side Impact Tested! Meets or exceeds all applicable federal safety standards and Evenflo's side impact standards.

Designed and tested for structural integrity at energy levels approximately **2X the federal crash test standard.**

FMVSS 213: Federal Motor Vehicle Safety Standards for Child Restraint Systems

FMVSS 302: Federal Motor Vehicle Safety Standards for Flammability of Interior Materials

Certified For Use In Aircraft: ONLY when used with the 5-point harness this restraint meets FAA Inversion requirements for airplane use.

Child Specifications

For 5-Point Harness Use

Weight: 22 - 65 lbs (10 - 29,48 kg)

Height: 28 - 50 inches (71 - 127 cm)

AND the tops of their ears are below the top of the child restraint headrest.

Age: At least one year of age

For Booster Use

Weight: 40 - 110 lbs (18 - 49,8 kg)

Height: 43.3 - 57 inches (110 - 145 cm)

AND the tops of their ears are below the top of the child restraint headrest.

Age: At least four years of age

Use & Care

Carefully read all instructions and warnings on the product, product labels, and instruction manuals before use. Consult your vehicle owner's manual to determine proper placement of child restraint in your vehicle and familiarize yourself with your vehicle's components.

Cleaning Instructions

- Plastic and metal parts may be wiped clean with mild soap and water and dried with a soft cloth. Do not use abrasive cleaners or solvents.
- Take care not to damage any labels.
- The harness can be wiped clean with mild soap and water. Allow harness to air dry. DO NOT immerse buckle in water or lubricate buckle.
- Machine wash the seat pad separately in cold water, delicate cycle, and tumble dry 10 – 15 minutes on low heat.
